Dear Mr. Harrington,

Our experiences with The Retrofit Companies has been nothing but outstanding!! The staff and service provided by the company have been great. We are a building demolition contractor and rely on companies like TRC to assist us in completing our projects safely, efficiently, and at the most competitive costs. TRC handles our pre demolition hazardous waste and special waste identification, packaging, removal, and disposal. They ensure all the proper paperwork is completed and are well organized to ensure nothing delays us in our work. I look forward to working with TRC long into the future.
