Wendy Fry,

Scherer Brothers Lumber Company has been doing business with Retrofit Recycling for about three years and during that time we have had a very good relationship. RRI has picked up our old computer monitors, pc's and other electronic equipment. The level of service has been outstanding. When we need to have a pickup at our site I can call in and get have it scheduled to accommodate our needs. The drivers always come within the scheduled time and handle themselves very professionally.

When we have had a problem or a concern I have been able to talk to the folks at RRI and get it resolved in a timely manner. At Scherer Brothers Lumber Company we strive to build long term relationship with our customers and our vendors. We look forward to continuing our relationship with RRI long into the future.
