Mr. Jeff Kath
Retrofit Companies, Inc.
3855 Highway 14 West
Owatonna, MN 55060

Jeff:

St. Joseph's Hospital has just finished a large retrofit job with your company. I would like to share with you how well this project went. Brain Lee was the Lead Electrician on this job and he did a wonderful job along with his crew. They were very professional and showed respect for employees offices and for our patients privacy.

Please let your staff know that we enjoyed working with them.

Sincerely,

Gary Hempeck
Plant Operations Director
