Re: Retrofit at McLeod County Solid Waste Facility

Wendy,

I wanted to take this opportunity to thank you and the Retrofit Companies for helping McLeod County make a significant environmental impact with the lighting retrofit. The installation was complete and timely. The TRC installation crew was very professional, courteous and performed outstanding workmanship. I would highly recommend TRC to any company that may be considering a retrofit.

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Homan", is written over a light blue horizontal line.

Ed Homan
