**MEMO TO: HOMEOWNERS AND BUSINESSES LOOKING TO
REDUCE OPERATING COSTS AND HELP IN THE "GREENING"
OF MINNESOTA.**

**You might want to consider changing your lighting system to
reduce your electric expense. We did at Summerhill
Cooperative of Bloomington, and are quite satisfied with the
results.**

**We entered into an agreement with THE RETROFIT COMPANIES
of Owatonna, MN. Initially, we had problems. Not only did they
resolve them, but went beyond what we had hoped for. In other
words Retrofit operates with a high level of integrity.**

I hope this will be of help in deciding of your electric needs.

Sincerely,

**Bruce Nordin
Director, Former Treasurer**
